

# FLATBED COM

Hybrid and Dedicated

**GO BEYOND** conventional.

The **JFX200-2513 UV-LED** flatbed printer features a 4' x 8' landscape print mode and bed size small enough to fit in most sign and graphic print shops but offering the technology and flexibility you expect in larger flatbeds.

KEY: \*\* = inches per second | CM = Contact Manufacturer | \* = Digital Output defines hybrid printers in this instance as a roll printer with an available flatbed table option.

**SCREEN**

*Behind the name, we're ahead of the curve.*

Screen and Inca have become the preeminent providers of wide format inkjet technology. That's why printers looking to make a name for themselves in their markets are getting behind the names and technologies that can help them get there.
